# What are advantages and disadvantages of...?

Add your own ideas.

## 1. ANIMAL TESTING

### ADVANTAGES

- *there are no other alternatives*
- *may contribute to life-saving cures and treatments*
- *most cosmetics as well as health products have to be tested on animals to ensure their safety*
- *it is said to have led to some medical advancements for humans*
- 
- 
- 

### DISADVANTAGES

- *it is known to be a costly practice*
- *animals are killed*
- *it is morally and ethically questionable*
- *results of animals testing are seldom applicable to humans*
- 
- 
-
