Professor Henryk Woźniakowski	9
1 The Most Important Thing – Information-Based Complexity	13
2 Childhood and School Years	17
3 Studies at the University of Warsaw	28
4 The Events of March 1968	40
5 First Years of Work	44
6 Numerical Methods in Poland – the Beginnings	49
7 PHD Thesis	58
8 Joseph Traub and Carnegie Mellon	60
9 Health Problems	69
10 Habilitation and Professorship	73
11 Sources and Beginnings of IBC	76
12 IBC in the 1980s	85
13 Discussions with Classical Numerical Analysts	94
14 The Time of the First Solidarity Movement	98

15	<i>The Journal of Complexity</i>	109
16	Monograph: <i>Information-Based Complexity</i>	112
17	Return to Poland	117
18	The Conferences in Dagstuhl	130
19	FoCM and Stephen Smale	138
20	Quantum Computations	147
21	Ian Sloan and his Associates	152
22	Erich Novak and Tractability	158
23	The <i>Honoris Causa</i> Doctorates	167
24	The People of IBC	171
25	The Smoleńsk Tragedy	178
26	Life Today	185
27	The Future	194
	List of Illustrations	204
	About the Authors	209
